IMPORTANT ADVICE FOR VOTERS

HARE SPENCE SYSTEM OF VOTING

Each member of the Engineering Society shall go to the polling station for his year, where he shall receive the proper ballots from the Returning Officer and have his name checked off by the scrutineer. After marking his ballots carefully he shall return it to the Returning Officer who shall deposit it in the ballot box.

The Hare-Spence Ssytem of voting is used. In this system of counting the voter marks opposite the name of the candidate for whom he wishes to vote, the figure 1, while opopsite his second choice for office he marks the figure 2, and opposite his third choice the figure 3, and so on. It is essential that the voter marks a figure beside every candidate's name or the ballot will not be valid.

When the number of "first choices" are added the candidate with the lowest number goes out and his "second choices" are distributed amongst the other candidates, counting as firsts. This method of elimination is followed until only two candidates are left and the one with the largest number of votes is declared elected.

ENTERTAINMENT

At noon to-day when the various lecture rooms and labs. open their doors, a happy throng will pour out into the streets. They will quit their usual eating dives and make for Hart House, where they will assemble 800 strong in the East Common Room. Here, songs, jokes and entertainment will abound whilst men of other faculties will make themselves rather scarce.

After a session of Hart House soup, etc., in the Great Hall, and some more revelry in the Common Rooms, the merry mob will head for the exits. Then the annual snake dance and parade back to the "Revered Red School House" for the benefit of the other lesser faculties.

After a few puffs on some office aspirant's cigar, or a mouthful of some candidate's candy, midst the clamor and din of the spirited last-minute campaigning, comes the time to vote. We pause to give the boys an opportunity to choose their selection of officers wisely, before exercising their franchise.

Soon downtown Toronto is also "School conscious" as the doors of our leading theatres swallow up the maddening crowd of hardy engineers.

Meanwhile the returning officers and the scrutineers are earnestly counting the thousands of ballots behind the closed doors of the Engineering Society.

But all is not told as yet. At 7.30 there will be another gathering in Hart House In the big gymnasium, famous boxers, and grunting wrestlers will gall each other as did the gladiators of yore. For the meeker souls ancient films will be projected on a screen in the Common Room. Tiring of this, everyone will flock into the Great Hall where the final election returns will be flashed on a screen. After the demolition of the sandwiches and ice cream has been completed and with the four-score walls of Hart House resounding with lusty "Toronto" and "Toike Oike" another School Election will pass into history.

ELECTION DAY

Once again the elections are here—a time when Schoolmen break away for a short recess from the drudgery of acquiring the knowledge of our great and proud profession, and indulge in a brief but delicious debauchery which marks the shaping away for that final grind. It is a day of enthusiastic electioneering and careful choosing, of congratulations and condolences, of laughter and cheers.

This is the day of no mere class party or similar School function—this is the day of School Elections. This is the one day above all others when the entire University of Toronto is made "School Conscious" and the whole campus belongs to us.

HART HOUSE ELECTIONS

Gentlemen, in the hustle and bustle of our School Elections do not forget that next Wednesday the Annual Elections for the members of the Hart House Committees takes place.

This year the voting hours have been reduced greatly and you may cast your ballot from 12.15 to 2.00 and from 5.00 to 6.00 in the afternoon.

There are a number of very good candidates from S.P.S. standing for election for the various committees and it is your duty to exercise your franchise and assist in upholding the high standards of Hart House by ensuring that the full quota of Schoolmen sit on the committees.

Vote for a man because he is fitted for the job not because he is liberal with his bribes!

It is your duty to vote and to vote wisely!
